INSTRUMENT STAND Model 2000-ST
FEATURES:

- **logical INSTRUMENT CONSOLE**
  durable membrane switches, logically positioned, control power mains, chair up/down and auto-return, overhead lamp with rheostat, and binding post (BIO) control with rheostat. Three rechargeable wells accommodate all brands of hand held instruments.

- **intelligent SLIT LAMP ARM**
  an engineering achievement, our fully counterbalanced arm, incorporates the full function and range, with the lock/release mechanism conveniently located at your finger tips. A 13” (33cm) range of travel and counter balance range up to 60lbs (27.2kg), this arm easily accommodates all, including wheel chair patients. The chair up/down switch is conveniently located on the front of the arm and is reversible.

- **ergonomic UPPER (REFRACTOR) ARM**
  engineered with natural, and comfortable hand movements in mind, the lock/release lever engages a single lock mechanism in all three dimensions (forward/backward/vertical). A 12.5” (31.75cm) vertical range, and counter balance up to 20lbs (9.1kg) ensures precise and effortless positioning.

- **elegant HALOGEN OVERHEAD LIGHT**
  the overhead light completes the modern appearance of the 2000-ST, yet offers a long-lasting halogen lamp, providing bright, direct illumination for general lighting or focused minor procedures. Metal lamp arm construction allows stable, one handed movements with superior durability.

- **optional THIRD ARM**
  with the same ergonomically designed lever mechanism as the refractor arm, the optional third arm delivers a vertical range of 12.5” (31.75cm) and counter balance up to 30lbs (13.6kg) to easily accommodate the addition of a Keratometer to your examination room.

- **sensible OPTIONAL ADDITIONS**
