

NORWOOD POWER CHAIR & MANUAL STAND

NPC-2500 & NIS-2000

The Norwood Power Chair and Manual Stand is a state-of-the-art system that provides the ultimate ophthalmic and optometric needs. Optimal utilization of space, high level of integration, and a combination of maximum comfort. The Norwood Power Chair and Manual Stand is easy to operate and provides a modern, high-class design and aesthetic for your practice.

NORWOOD POWER CHAIR KEY FEATURES

NCH-2500

- The Motorized Auto Recline System extends from seated to supine position or any other position
- Strong Power Lift and Full recline system for smooth and virtually silent lifting
- Recline, return or stop are all easily achieved by a simple press of a membrane switch on both sides of the chair
- Foot actuated Rotation Lock provides a firm and positive lock. Accessibly from both sides of the chair helps eliminate operator bending or reaching
- Upholstered armrests are individually retractable for maximum flexibility. Solid construction provides safe support easy in and out
- Single handed control for easy positioning of the Headrest, insuring head and neck support.
- A large, broad and stable foot rest allows for a safe and easy in and out. Easily able to withstand the full weight of the patient
- Holds up to 560 lbs. Raises to 32.8" Lowers to 21.5"
- Dimensions 25"W x 45"D

NORWOOD MANUAL STAND KEY FEATURES

NIS-2000

- Fully counterbalanced slit lamp arm with 13.5" of vertical movement, smooth operation, and locking/release mechanism at your fingertips
- Easily accommodates all patients even those in wheelchairs
- 12.5" of vertical movement
- Chair can be operated from the stands touch panel, raised or lowered
- Variable overhead Halogen lamp - power and intensity control on stand
- Three charging wells for handhelds with charge indicator (Charging-Well adapter may be required)
- Third arm available
- Dimensions: 22"W x 34"D
